### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Applicant's arguments regarding the reactants disclosed in the prior art of record does not read on the instantly claimed reactants are convincing. In particular, the prior art of Gallagher requires the presence of a water soluble salt together with a silicon containing metal which is necessary for the reaction to take place whereas the instant claim language includes the closed term of "consisting of" which excludes the presence of the salt or the metal when contacting the reactants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KAITLY V. HANDAL whose telephone number is (571)272-8520. The examiner can normally be reached on M-F 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Alexa Neckel can be reached on (571) 272-1446. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
